

# Wireless 3D Media Kit

GW3DKIT

- Wireless HD audio / video with 3D support for streaming up to 100 ft. away
- HDCP Compliant
- Supports Full HD 1080p 60Hz, 3D content, and 5.1 channel digital audio
- Video Resolutions: 480i/p, 720p, 1080i and 1080p (24 / 30 / 60fps)
- Multiple Inputs / Outputs to maximize convenience:
  - Inputs: 4 x HDMI®, 1 x Composite, 1 x VGA or 1 x Component\*, and 1 x USB\*\*
  - Outputs: 1 x HDMI and 1 x USB\*\*
- Connect and wirelessly stream content from your Blu-ray / DVD player, DVR / Set-top box, VCR, Computer / Laptop or Media Server / Home Theater PC
- USB port allows the connection of USB keyboard / mouse\*\*

- Keep home theater electronic devices neatly out of sight
- Broadcast up to 4 Wireless 3D Receivers\*\*\*
- Versatility for use with HD and non-HD devices
- The Wireless 3D Receiver's built-in IR allows the user control over their source devices that are hidden away in a different location
- No software or driver installation needed

\* Via VGA to Component Adapter

\*\* See IOGEAR's Wireless 2.4Ghz keyboards with built-in Trackball for added functionality. Source device must support USB HID keyboard device and USB HID-compliant mouse in order to have the keyboard and mouse functionality respectively.

\*\*\*Additional Wireless 3D Receivers sold separately

IOGEAR's Wireless 3D Media Kit takes wireless home entertainment to a new level of connectivity, flexibility, convenience, and decor. It's capable of streaming Full HD 1080p 60Hz with support for 3D content and non-HD content with digital audio along with USB keyboard mouse functionality up to 100 feet away within the home or desired set up.

The solution consists of a Wireless 3D Transmitter and a Wireless 3D Receiver, with various connectors - HDMI®, Component, Composite, VGA and USB\*. With these available connectivity options, it allows up to 6 A/V devices such as a Blu-ray player, DVR / Set-top box, DVD player, Media Server, computer or VCR to be connected.

USB port allows you connect a keyboard / mouse\* (sold separately) to the Wireless 3D receiver and control your connected home theater PC, computer or laptop with ease. Thus, giving you full access to all your stored videos, photos, music and convenience to the online world of content.

The Wireless 3D Media Kit does not require a line-of-sight placement, keeping home theater devices neatly out of sight, which enables a quick, simple, and flexible wireless audio / video solution.

### Broadcast Capability:

The Wireless 3D Transmitter provides the ability to broadcast with almost no latency within its own integrated private Wi-Fi (802.11n) network (without interference or sharing of any near by wireless routers) so that the content can be streamed to a total of 4 Wireless 3D Receivers This simplifies the process of setting up multi-room or multi-display environments and provides the freedom of additional displays in not so common areas in the home or business with ease.

The configuration possibilities and usage for this solution are endless and a must have for today's digital home.

\*See IOGEAR's Wireless 2.4Ghz keyboards with built-in Trackball for added functionality.

## Wireless 3D Media Kit

### Requirements:

- Media Source
    - Media source with HDMI, Composite, Component or VGA output
    - USB port\*
  - Display
    - Display with HDMI, Component or Composite input
  - Broadcast
    - Additional Wireless 3D Receivers sold separately
  - Firmware Upgrade / Configuration Update
    - USB flash drive
    - Internet access
- \*Source device must support USB HID keyboard device and USB HID-compliant mouse in order to have the keyboard and mouse functionality respectively.

### Package Contents:

- 1 x Wireless 3D Transmitter
- 1 x Wireless 3D Receiver
- 1 x Remote Control
- 1 x Component to VGA Adapter
- 1 x IR Blast
- 2 x Power Adapter
- 1 x Installation Guide
- 1 x Warranty Card

### SPECIFICATIONS

Function	
Connectors	
Video Input	4 x HDMI, 1 x Composite, 1 x VGA
Video Output	1 x HDMI
Power	1 x Power Jack (Transmitter and Receiver)
USB	1 x USB Type A Female
Audio Input	1 x 3.5mm Audio Jack (Transmitter)
Video Resolution	480i/p, 720p, 1080i and 1080p (24/30/60fps)
Video Streaming	<30ms Latency
Frequency	5.15~5.25GHz
Range	100ft (30m)
Broadcast	1 Transmitter to 4 Receivers
Security	802.1x, 802.11i, WPA2, WPA and WEP 64/128 TKIP AES
Antenna Type	2 x Internal Antenna (Transmitter and Receiver)
Power Switch	1 x Port Switching Pushbutton (Transmitter and Receiver)
LEDs	
Port ID	LED on Transmitter; LED on Receiver
Power On	LED (Transmitter and Receiver)
Link	LED (Transmitter and Receiver)
Power	
Voltage	12VDC
Amps	2A
Housing	
Case	Plastic

Dimensions	
Unit Dimensions	
Height	1.5in.
Depth	6.5in
Length	9.45in.
