

GTD720

Thunderbolt™ 2
Docking Station

IOGEAR's Thunderbolt 2 Docking Station brings the connectivity of a desktop to your Macbook®, Ultrabook™, or other Thunderbolt 2 enabled devices. With its thoughtful design and ultra-sleek stainless steel body casing, the GTD720 allows you to connect up to 10 devices including dual displays* so that you don't have to be restricted by the standard ports on your portable device. Thunderbolt™ 2 technology allows data transfer at an astounding 20Gbps, so that you can optimize your perfect workspace at blazing fast speeds.

- Operates at a rate of up to 20Gbps with Thunderbolt™ 2*
- Ultra-high speed bandwidth expansion for 4 times faster data transfer than USB 3.0, 40 times faster than USB 2.0 and 25 times faster than FireWire 800
- Supports 4K (UHD) video output and high-speed file transfer simultaneously
- Supports dual displays for HDMI and Thunderbolt display monitors
- Ability to connect up to 8 devices directly to the dock and daisy chain up to 4 additional Thunderbolt devices (5 total)
- Dedicated USB charging port for tablets or smartphones
- Optical audio line-in/line-out port provides 5.1 digital audio editing and playback capabilities

* Only systems that include Thunderbolt 2 can take advantage of the 20Gbps transfer speed

Requirements:

Thunderbolt enabled computers

The following Mac models are Thunderbolt 2 capable:

- MacBook Pro (Retina, Late 2013 and later)
- Mac Pro (Late 2013)
- iMac (Retina 5K, 27-inch, Late 2014)
- Mac mini (Late 2014)

Package Contents:

- 1 x GTD720 Thunderbolt 2 Docking Station
- 1 x 1m (3ft) Thunderbolt Cable
- 1 x AC Power Adapter
- 1 x Quick Start Guide
- 1 x Warranty Card

GTC01-BK / GTC02-BK

Thunderbolt™ Cable - 3.3ft (1m) / 6.8ft (2m) Black

Thunderbolt™ is a state-of-the-art data transfer technology that supports high-performance data devices (RAID, 4K content, etc.) through a single port. Perfect for connecting Ultra High-Resolution Displays, IOGEAR's Thunderbolt Cables can daisy chain up to six devices for simplified connectivity. Thunderbolt 2 users can take advantage of transfer speeds of up to 20Gbps, with support for DisplayPort 1.2 displays. Thunderbolt 2 uses the same cables, connectors, and works with existing Thunderbolt devices.

- Operates at up to 20Gbps with Thunderbolt™ 2*
- Supports raw 4K video file transfer and display simultaneously
- Daisy chain up to 6 Thunderbolt devices
- Dual channel, bi-directional data transfer
- Transfer a full-length HD movie in less than 30 seconds
- Add 1TB backup in less than 5 minutes

*For systems that include Thunderbolt™ 2, users can take advantage of transfer speeds of up to 20Gbps
