## USB KVM Cable 10 Ft

The cables connecting your USB computers to your GCS1716, GCS1742 or GCS1744 KVM switch determine the quality of communication between the CPUs and the switch. Our custom-made cables are designed to provide the highest signal capacity with the lowest signal loss. This important technology produces the highest quality video output - even after long distance transmission or in the most electronically noisy environments such as server cabinets. IOGEAR's premium custom-made KVM cables guarantee optimum signal integrity for high-grade server needs. The keyboard and mouse cables are made of double-sealed 22-gauge wire and are neatly wrapped with a heavy-duty video cable for simplified connections.

- 10ft bonded KVM cable with USB and VGA connections
- Connects your USB computers to your GCS1716, GCS1742 or GCS1744 KVM switch
- Custom made cables maintain the signal's optimal integrity and quality
- Convenient and functional cable design with double-shielded 22 gauge for keyboard, mouse and a UL-2919 video cable
- TAA Compliant

#### Requirements

#### Package Contents

A GCS1716, GCS1742 or GCS1744 KVM Switch  
Computers with USB and VGA connections.

1 x 10ft USB KVM Cable
