

G2L7D03V

# 10 feet (3m) DVI-D Video cable with Audio

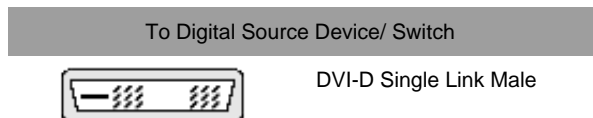

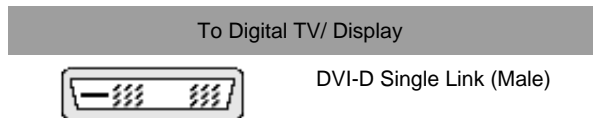

IOGEAR's DVI-D cable provides 10ft (3m) of digital video connectivity between digital devices, such as the computers, DVD players and set top boxes, to your HDTV or high definition display.

The cable transfers uncompressed digital video data, eliminating the possibility of resolution distortion due to electrical noise.

Also, this is the recommended cable for use with IOGEAR's DVI splitters i.e. GVS162W6 & GVS164W6 models.

- Digital Video: transfers uncompressed digital video
- Supports video resolutions up to 1920 x 1080 @ 60 Hz.
- Audio support: 3.5mm audio mini-stereo jacks
- Custom designed for high video quality lossless video

- Transition Minimized Differential Signaling (TMDS)

**Requirements**

- Digital TV or computer display
- Digital devices with DVI-D (F) or DVI-I (F) connections

**Package Contents**

1 x 10ft (3m) DVI-D Single Link Cable
