

G2L8D02U

6ft (2m) Dual Link DVI-D USB 2.0 KVM Cable

IOGEAR's DVI-D Dual-Link, USB 2.0 KVM cable provides six feet of digital video connectivity between your DVI, USB computer and KVMP. It also provides analog connections for your audio and mic ports. Digital Visual Interface (DVI) is the standard interface for a high-performance connection with DVI monitors.

IOGEAR's DVI-D Dual-Link, USB 2.0 KVM cable incorporates Transition Minimized Differential Signaling (TMDS) technology for transmitting high-speed data. Supporting ultra-high 2560x1600 resolution it performs transfers of uncompressed digital video data. High quality construction eliminates the possibility of resolution distortion or noise.

For the following KVMP's: GCS1762/4, GCS1102/4, GCS1204, GCS1782/4, GCS1644, GCS1212TAA, GCS1214TAA

- DVI-D Dual-Link KVM cable
- High Resolution: 2560x1600
- USB 2.0 connectivity
- Analog 3.5mm jacks for audio and mic support

Requirements

- A DVI KVM (GCS1762/4, GCS1102/4, GCS1204, GCS1782/4, GCS1644, GCS1212TAA, GCS1214TAA)
- A DVI USB computer

Package Contents

1 x 6ft DVI-D USB KVM Cable

Specifications

Function	G2L8D02U	Dimensions	G2L8D02U
CPU Connectors		Unit Dimensions	
Monitor	1 x Dual Link DVI-D Male	Length	6ft
Keyboard & Mouse	1 x USB Type B Male	Unit Package Dimensions	
Audio	1 x Mini Stereo Jack Male (Green)	Width	6in.
Microphone	1 x Mini Stereo Jack Male (Pink)	Height	7in.
Connectors		Depth	2in.
Video Output	1 x Dual Link DVI-D Male	Master Carton	
USB	1 x USB Type A Male	Width	11.25in.
Audio Input	1 x Mini Stereo Jack Male (Pink)	Height	7.625in.
Audio Output	1 x Mini Stereo Jack Male (Green)	Depth	15.25in.
Cable Length	6ft	Master Carton Qty.	24
		Weight	
		Master Carton Wt.	30lb
