## Charge & Sync Flip™ Pro - USB-C™ to Reversible USB- A Cable

### USB-C™ to USB-A Cable

USB Type-C has the capability of integrating charge, sync, video and USB functions into a single port, but with all change, comes a period of transition. IOGEAR's Charge & Sync Flip™ Pro, USB-C to Reversible USB-A Cable, makes this transition easier by allowing you to connect all your USB-C devices such as the Samsung Galaxy S8, S8 Plus, MacBook® and Chromebook™ Pixel to standard USB-A devices.

### The New Universal Standard

USB Type-C™ is the latest universal standard in connectivity. Compared to earlier generations of USB connectors, USB-C has a slim profile connector to support ultra-thin laptops and tablets. Although USB-C has a low-profile design, it packs a big punch when it comes to speed and power, boasting lightning fast data transmission speeds and power transmission. And best of all, it's reversible to allow hassle-free connecting. The new standard fixes the age-old problem of connecting your USB in the wrong way, eliminating the frustration of fumbling with the USB plug when connecting it to a computer. ### Connect your USB-C devices to USB-A devices

If you have purchased a new USB-C laptop or device, you are probably having a hard time using it with your other standard USB devices (hard drives, chargers, etc.). With the Charge & Sync Flip™ Pro, USB-C to Reversible USB-A Cable, you'll be able to do just that. The cable supports data transfer as well as charging output so that your USB-A devices are now compatible with USB-C ports.

- Connect your USB-C™ devices to standard USB-A devices
- Our Flip™ Reversible USB connector eliminates the frustration of plugging the USB-A on the wrong side
- Anodized aluminum shell provides superior durability over the standard USB Type-C™ cable
- Heavy duty, tangle-free design – suited with a braided-nylon fiber cable jacket
- Charges USB-C devices (phone, tablet)

#### Requirements

- USB-C enabled system

#### Package Contents

- 1 x G2LU3CAM01-WT
- 1 x Warranty Card
