Charge & Sync USB-C to USB-C Cable, 6.5ft (2m)

Charge, sync, and transfer data at lightning fast speed between your USB-C devices.

USB-C™ to USB-C Cable - Power, Charge, Sync

IOGEAR's Charge & Sync, USB-C to USB-C cable allows you to charge, sync, and transfer data at lightning fast speed between your USB-C devices. With its versatile shape and multifaceted capabilities, the Type-C connector is paving the way for the future and will eventually replace the existing use of mini or micro connectors. This cable will charge your USB-C devices at up to 3A power output. The Charge & Sync comes in a [3.3ft](#) length and 6.5ft length.

The New Universal Standard

USB Type-C™ is the latest universal standard in connectivity. Compared to earlier generations of USB connectors, USB-C has a slim profile connector to support ultra-thin laptops and tablets. Although USB-C has a low-profile design, it packs a big punch when it comes to speed, power and data transfer. And best of all, it's reversible to allow hassle-free connecting. The new standard fixes the age-old problem of connecting your USB in the wrong way, eliminating the frustration of fumbling with the USB plug when connecting it to a computer. Heavy Duty, Tangle Free Design

IOGEAR's premium cables feature a durable, robust design to withstand frequent plugging and unplugging while simultaneously being extremely flexible. These cables are comprised of a top-grade braided-nylon fiber sleeve with anodized aluminum connectors for maximum durability and reliability.

- Anodized aluminum shell provides superior durability over the standard USB-C cable
- Compatible with all USB-C laptops, smartphones and tablets
- Heavy duty, tangle free design – suited with a braided nylon-fiber cable jacket
- Charges USB-C devices at up to 3A power output

Requirements

- USB-C enabled systems or devices

Package Contents

- 1 x G2LU3CCM02
- 1 x Warranty Card

Specifications

Function	G2LU3CCM02
Cable Length	6.5ft (2m)
