## DVI-A (M) to VGA (F) Adapter

IOGEAR's DVI-A (M) to VGA (F) Video Adapter allows you to connect a DVI-A device to a VGA device using an VGA cable. One end of the adapter is an DVI-A male connector and the other end is VGA female connector. Simply plug the DVI-A male connector to a DVI-A supported device, and then connect a VGA cable which is plugged into the VGA device to the VGA connection on the adapter.

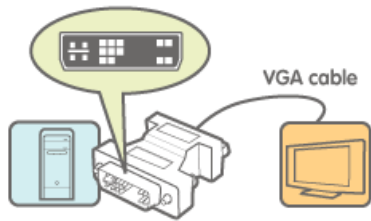

- DVI-A male connector

- VGA female connector

**How does it work?**

- DVI-A connection
- Plug DVI-A connection directly to your DVI-enabled computer
- Connect your DVI-A to VGA adapter and VGA monitor with a VGA cable

**Requirements**

- 1 x DVI-A supported device
- 1 x VGA supported device
- 1 x VGA cable

**Package Contents**

1 x DVI-A (M) to VGA (F) Adapter
