- Great for both optical and laser sensors
- Non-slip silicone base keeps pad in place
- Incredibly thin design is less than one millimeter thick!

Precision Pro Gaming Mouse Pad

Kaliber Gaming by IOGEAR's SURFAS™ II Pro Gaming Mouse Mat is designed for tournament-level performance using either laser or optical sensor mice. Serious gamers give serious thought to their mouse pads. Kaliber Gaming's SURFAS II Pro is made with textured polycarbonate that gives you serious accuracy and control.

SURFAS II Pro Gaming Mouse Mat's Polycarbonate Surface

SURFAS II Pro's textured polycarbonate surface features a finely-grained finish designed to enhance mouse accuracy by increasing movement precision. It is an incredibly strong and durable material that is both waterproof and abrasion resistant, easily outlasting cloth mouse pads. The ultra-long-life surface also shows minimal visible wear, so it looks good for a long time.

SURFAS II Pro Mouse Mat for the Serious Gamer

Serious gamers will enjoy exceptional mouse control and precision using either optical or laser sensors. SURFAS II Pro's non-slip silicone base keeps mouse mat in place. It is incredibly thin, less than one millimeter thick and rolls up easily for travel and tournament use.
