Ultra-High-Speed Home Entertainment, Gaming and Virtual Reality HDMI® Cable

IOGEAR's 10K HDMI Active Optical Cable (GHDAOC30) is engineered to deliver the best-in-class digital video and audio connectivity. The HDMI Active Optical Cable connects any high-resolution HDMI source to a high-resolution HDMI-enabled display up to 100 ft./30.48m with no external power source. The cable fully supports the HDMI 2.1 specification, which provides for up to 48 Gbps bandwidth and High Dynamic Range (HDR) video. The cable provides both high-definition video and multi-channel audio between any digital HDTV display and HD or non-HD digital source devices such as Blu-ray®, DVRs, digital set-top boxes (cable/satellite), AV receivers, game consoles and more.
