

GHDMI3402

High Speed HDMI® Cable with Ethernet

IOGEAR's new High Speed HDMI® Cable with Ethernet provides both high-definition video and multi-channel audio connection between any digital HDTV display and digital source devices such as cell phones, cameras, and other portable products.

This cable allows you to view the content from your smartphone on a big screen TV. Simply connect the cable into your smartphone via the HDMI® Micro Connector port and then connect it to the HDMI Connector port on your flat screen TV. Enjoy sharing all your favorite videos, slideshows and music in an entirely new way. No need to have your friends and family crowd around the small screen, pump up the fun with IOGEAR!

IOGEAR's High Speed HDMI Cable with Ethernet is engineered to deliver the best in class digital video and audio connectivity.

- HDMI Certified
- High Speed HDMI® Cable with Ethernet
- High-density triple-shielding for maximum rejection of RFI and EMI
- Gold-plated connectors for optimal signal transfer and corrosion resistance
- 6.5 ft. (2m)
- Supports full 1080p/60hz

How does it work?

- Make sure the device has an available HDMI Micro (Type D) female port then connect HDMI Micro male connector to the device
- Connect HDMI Type A male connector to the TV

Requirements

- HDTV or computer monitor with HDMI connections
- HD digital content media devices with HDMI Micro D connections such as cell phones, and handheld devices and many more
