

GHDMIAS4

## 4-Port HDMI Automatic Switch with Remote and HDMI Cable

### Maintain a Single Universal Remote to control your Home Entertainment Center

Patented HDAS automatic switching technology will automatically switch to the active device which eliminates the need for a dedicated remote for the switch. It's very simple – just turn on the device that you want viewed on your HDTV using a Universal remote or source remote. If you want to switch over to another source device, simply use the Universal remote or source remote to power on the desired device. In addition, since all the source devices will be connected to a single HDMI connection on the HDTV via the switch, it eliminates the need to manually switch among the AV inputs to display the video from the different source devices.

The 4-port HDMI Automatic Switch comes with an optional switch remote. The switch remote enables you to switch among the devices by selecting the desired video port.

A Learning Universal Remote can learn the functions of the switch remote\*. This way, at a press of a button, you can switch among devices without powering on and off the devices.

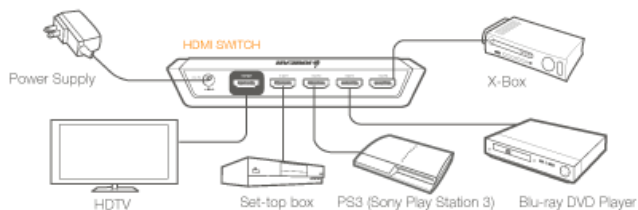

\* only applies to IOGEAR's 4-port HDMI Automatic Switch.

- TRUE Automatic Switching
  - Automatically switches to active device; hence, can seamlessly integrate into a home entertainment center controlled by an Universal Remote.
  - Eliminates need for a separate remote
- Designed to be Displayed in Your Living Room
  - Sleek and compact form factor
- Highest Video Quality
  - 1080p resolution
  - 2.25Gbps bandwidth for higher resolution and color depth video
- Optimized to Ensure Maximum Signal Transfer and Corrosion Resistance
  - Gold-Plated HDMI Connections
- HDMI 1.3b certified & HDCP Compliant
- Supports DVI devices with an adapter
- Ready to Go
  - Includes a 6ft HDMI cable
  - Quick and Simple Installation

#### How does it work?

IOGEAR's unique High-Definition Automatic Switch (HDAS) will automatically sense the audio/video information coming into the HDMI Ports and automatically switch to the correct / active port allowing a seamless and user friendly switch. IOGEAR's automatic HDMI switch is great for all your HD device's such as your Blu-ray / DVD players, game consoles, set-top boxes (cable / satellite), and more!

#### Requirements

- HDTV or computer monitors with HDMI connections
- HD digital media devices with HDMI connections such as DVD players, video game consoles, A/V receivers, media servers, computers, set top boxes and many more
- Backward compatible with DVI devices with a DVI (male) to HDMI (female) adapter

#### Package Contents

- 1x 4-Port HDMI Automatic Switch
- 1x Switch Remote
- 1x 6ft HDMI (Male-Male) Cable
- 1x Power Adapter
- 1x Quick Start Guide
- 1x Warranty / Registration Card

## Specifications

Function	GHDMIAS4	Dimensions	GHDMIAS4
<b>Power</b>		<b>Unit Dimensions</b>	
Voltage	6V	Height	3.5in(8.8cm)
