IOGEAR®

GHE118U

1.8" USB 2.0 ION™ Drive Enclosure

Big Storage - Tiny Enclosure

IOGEAR's 1.8" USB 2.0 ION Drive is the most stylish and practical solution for storing and protecting your documents, as well as audio, video and other media files. This attractive, virtually indestructible, enclosure boasts USB 2.0 and USB 1.1 compatibility and offers a very small-footprint. The ION Drive supports extremely high data transfer rates of up to 480Mbps (USB 2.0) for blazing fast transfer of large multimedia files. It is also backward compatible with USB 1.1 specifications. This enclosure is very easy to connect to your PC or Mac desktop or notebook, is hot-swappable and Plug-n-Play. The 1.8" USB 2.0 ION Drive is backed by IOGEAR's 1-year Limited Warranty.

USB 2.0 interface supports data transfer rates of up to 480 Mbps. This all-in-one solution can upgrade your computer in two minutes Many people buy new computers because they run out of room on their hard drive

- Instead of paying $1500 for a new system, double/triple your hard drive room with the ION from IOGEAR
- Increases your computer's life and your ROI

No technical knowledge needed to install it, no need to take apart your computer - plug it in and your computer immediately recognizes and uses it Perfect for today's needs, all of which consume a lot of room on your computer's hard drive:

- Music
- Videos
- Photos

Can also be used to backup your main hard drive so if it crashes ? and it definitely can ? you won't have lost your precious files Features not just one but both of the fastest connectivity technologies, USB 2.0 and USB 1.1

- Saves information faster
- Important when dealing with large media files
- Works just as easily on Macs and PCs

It's the only elegant design available

- Small footprint make it a stylish and space-saving addition to your work area
- Can also be hung by its built in pocket clip, on airplane or car pockets

Backward compatible with USB 1.1 specifications USB 2.0 interface, supporting high speed data transfer rates of up to 480 Mbps No fan needed, hi-tech design allows for optimal cooling without the need for additional noisy fans Hot-swappable, Plug-n-Play Compact size, perfect for the mobile professional 1 Year Limited Warranty

Requirements

To access USB 2.0 speeds, your computer system must be Hi-Speed USB 2.0 enabled. The 1.8" USB 2.0 ION? Drive will work at USB 1.1 speeds with USB 1.1 enabled computers.
