4K Ultra HD 2-Port Splitter with HDMI Connectors

Send high definition audio and video from a single HDMI source device to 2 separate UHD TVs, UHD displays or UHD projectors.

4K HDMI Splitter - 2-Port Ultra High Definition (UHD)

Take high definition audio and video from a single HDMI source device and direct it to 2 separate UHD TVs, UHD displays or UHD projectors using IOGEAR's new 4K 2-Port HDMI Splitter. Our latest HDMI splitter gives you the power to take any 4K Ultra High Definition or High Definition content from DVR / set-top boxes, game consoles, Blu-ray™ players, desktop computers, media servers and other standard HDMI devices and send it to 2 displays simultaneously while maintaining the highest levels of video and audio fidelity without signal loss. IOGEAR's 4K 2-Port HDMI Splitter is an ideal solution for multi-display applications in the home, office, classroom, digital signage, house of worship, sports bar or business setting.

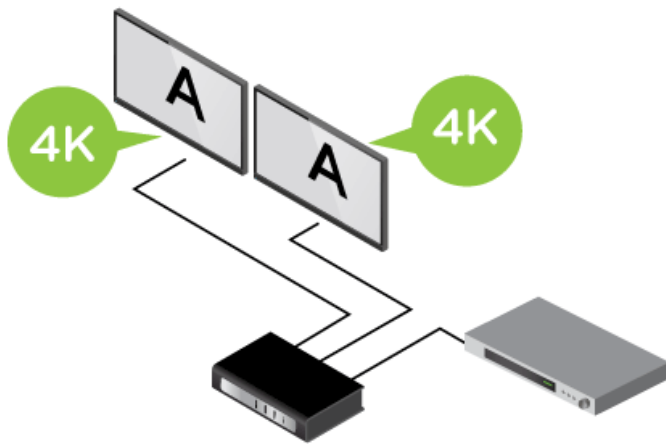

Highest Quality Video at Extended Distances

Deliver exceptional Cinema 4K resolutions (4096 x 2160 @ 60Hz) with crisp, 3D, and Deep Color images up to 4K 12-bit (4:2:0), or 68 billion colors, for a remarkable visual experience. The splitter extends the distance between your HDMI video sources and your HDMI displays up to 49 feet with data rates up to 10.2 Gbps, providing greater flexibility in system design.

The Splitter is perfect for multi-display applications in the home, office, and classroom, and in digital signage, houses of worship, sports bars or other business settings.
