

GICe720S3

2-Port SATA 3Gbps Dual Profile PCI Express Card

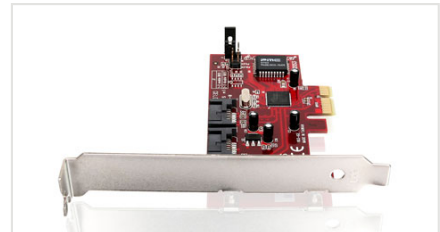

Ultra-fast SATA is 6 times faster* than Hi-Speed USB 2.0 and FireWire 400

The IOGEAR SATA 3Gbps Internal 2 Port Dual-Profile PCI-Express Card adds 2 internal SATA ports to your desktop computer. It is great for users who want to add SATA connectivity to their computers but do not want to buy a whole new computer. Devices commonly used with this host adapter are next generation hard drives, Blu-ray optical drives, HD-DVD drives and personal media drives. The dual profile design of this adapter makes it fit into low profile or standard cases.

This card is designed to work on the high-bandwidth PCI-Express interface, effectively quadrupling the amount of available computing bandwidth over the traditional PCI interface. This results in smoother streaming video, faster music sharing and lightning-fast access to mass-storage devices.

- Supports 1-lane PCI Express Bus (PCIe x1)
- Two independent Serial ATA channels to ensure maximum performance
- Dual profile allows use in low profile and standard cases
- Two Pin headers for case LED connection
- Backward compatible to SATA 150 (1.5Gb/s)
- Supports Native Command Queuing (NCQ), port multiplier, hot-plug, and hot-swapping

Requirements

- Windows 2000, Windows XP and Windows Server 2003
- Windows Vista 32 bit / 64 bit
- Available PCI Express slot

*Note: Enclosed Card will not fit into a standard PCI slot.

Package Contents

- 1 PCI Express Card
- 1 Low PCI Bracket
- 2 SATA Cables
- 1 Driver CD
- 1 Quick Start Guide
- 1 Registration / Warranty Card

Specifications

Function GICe720S3

Operating System Support Windows 2000, XP, VISTA & MAC OS 10.4

Transfer Rate up to 3Gbps

Chipset Sil 3132

Connectors

SATA / eSATA 2 internal ports

Dimensions GICe720S3

POP Information

10" Peg Hook 7

6" Peg Hook 4
