

GIPODAVC6

Composite AV Cable with Charge and Sync for iPhone / iPod

With the driver-free set-up, the process to get started is quick and painless. The compact design also makes this cable very portable and you can take it with you where ever you go and easily share your content. Watch movies from your iPhone, iPod, or iPad 1/2/3 in your hotel room on business trips.

With the IOGEAR Composite AV Cable with Charge and Sync you can now enjoy and share your favorite MP3, photos and video clips with your friends and family on the big screen. The Composite AV Cable also includes a USB power adapter to keep your iPod / iPhone charged while viewing to side step the annoying, "low on battery" interruption.

This product uses the genuine Apple proprietary 30-pin connector.
