

GKB635W

## Wireless Smart TV Keyboard w/Trackball

Stop using a remote or a game controller to search on streaming apps

### Great for:

- Home Theater PC setups
- Windows Media Center applications
- Conference rooms and classrooms

The ultra-slim, compact keyboard lets you type with style and comfort from any angle in the room. In addition to its creative design, the Wireless Smart TV Keyboard features built-in left and right mouse buttons with a scroll wheel that uses the latest optical trackball technology. Optical trackballs offer greater precision in movement while allowing you to select your ideal mouse cursor speed of 600 cpi, 1000 cpi or a lightning speed of 1600 cpi to meet your individual needs. This stylish, ergonomic wireless solution easily tucks away in a drawer or cabinet and is sure to be a staple for your home, office or classroom electronics.

The 2.4 GHz wireless technology performs frequency hopping to avoid interference with WiFi, Bluetooth, and other devices. The Wireless Smart TV Keyboard is a definite must have for anyone looking to compliment their PC to TV solution.

- Stop using a remote or a game controller to search on streaming apps
- Ergonomic, compact wireless keyboard designed for use from the comfort of your couch
- For Smart TVs that support keyboard and mouse functions
- Supports Xbox and Playstation game consoles
- 2.4GHz offers range up to 35 ft. from your computer
- Optical trackball, built-in left/right mouse buttons and scroll wheel
- Plug-N-Play - No driver, software or wireless setup needed
- Includes special computer quick keys such as: home, email, search
- Autoselect between 78 channels to avoid wireless interference with other 2.4GHz wireless devices
- ON/OFF switch for battery saving
- Adjustable built-in cursor speed with optical trackball with 600, 1000, and 1600 cpi selections
