KeySlate™ Ultra-Slim Bluetooth 4.0 Keyboard for iOS Devices

iPad and iPhone Keyboard

Ever wanted to respond to an urgent email on the spot, but postponed until you could use your computer, because typing on your iPhone® and iPad® is tedious? Or got frustrated of how cumbersome using office applications on your phone or tablet is? IOGEAR's KeySlate™ Ultra-Slim Bluetooth 4.0 Keyboard is the ultimate iPhone® and iPad® companion. It makes emailing, updating your social media profile or blogs, browsing the web and instant-messaging a breeze.

100 Hours of Use on a Single Charge

Featuring Bluetooth 4.0 BLE (Bluetooth Low Energy) technology, the Bluetooth Smart KeySlate™ consumes only a fraction of the power of standard Bluetooth devices, allowing low-power consumption for 100 hours of continuous use on a single charge! The KeySlate™ comes with a convenient carrying pouch and its own micro USB charging cable. With its lightweight design and long lasting rechargeable battery, the KeySlate is ideal for the business traveler, student, or mobile writer operating on-the-go.

Connecting Made Simple

The KeySlate™ allows you to create a cable and clutter-free connection to your iOS device with quick and easy, no-hassle setup. Simply slide the power switch on your fully charged KeySlate™ to the ON position and it immediately goes into pairing mode. On your Bluetooth enabled iOS device, press the connect key to establish a Bluetooth connection from your iOS device to the KeySlate™ BT4.0 Keyboard and you're ready to go. Bluetooth 4.0 technology allows you to stay connected from up to 30 feet away with virtually no delays or dropouts for a completely seamless connection.

- Bluetooth 4.0 BLE technology for energy efficiency
- 14 built-in iOS hotkeys for easy access to all your favorite functions
- Stainless steel casing adds durability and provides a sleek look
- Built-in lithium polymer battery allows for 100 hours of continual usage on a single charge
- Low-profile scissor key construction for a quiet, comfortable typing experience
- Ultra-slim design for maximum portability

How does it work?

- Activate pairing mode by turning on the KeySlate.
- Pair with your iPod, iPhone, or iPad*
- Compose email, text, notes, etc. and control media on your iOS device

*KeySlate can only be paired with one iOS device at a time

Requirements

- Bluetooth 4.0 enabled iOS devices
- iOS 4.0+
