KeySlate™ Ultra-Slim Bluetooth 4.0 Keyboard with Reversible USB to Lightning cable - White

iPad and iPhone Keyboard

Ever wanted to respond to an urgent email on the spot, but postponed until you could use your computer, because typing on your iPhone® and iPad® is tedious? Or got frustrated of how cumbersome using office applications on your phone or tablet is? IOGEAR's KeySlate™ Ultra-Slim Bluetooth 4.0 Keyboard is the ultimate iPhone® and iPad® companion. It makes emailing, updating your social media profile or blogs, browsing the web and instant-messaging a breeze.

Featuring Bluetooth 4.0 BLE (Bluetooth Low Energy) technology, the Bluetooth Smart KeySlate™ consumes only a fraction of the power of standard Bluetooth devices, allowing low-power consumption for 100 hours of continuous use on a single charge! The KeySlate™ comes with a convenient carrying pouch and its own micro USB charging cable. With its lightweight design and long lasting rechargeable battery, the KeySlate is ideal for the business traveler, student, or mobile writer operating on-the-go.
