

GKM541RA

Long Range Mobile Desktop

Enjoy the freedom of wireless connectivity with IOGEAR's long range wireless keyboard and mouse combo. The 2.4GHz ultra-range multimedia keyboard and optical mouse allow you to work up to 33 feet away from your computer. It is an ideal tool for the meeting room presentation, and for the living room home entertainment needs.

The newly sleek design, ultra-thin, and low profile keyboard lets you type with style and comfort. The innovative IOGEAR structure on keyboard provides better tactile feeling and less pressure on your fingers and wrists. In addition, the optical mouse provides great accuracy over most surfaces and minimal hand movement due to its 800 dpi resolution. The 2.4G RF technology is WiFi and Bluetooth friendly, and is able to perform frequency hopping to avoid interference.

- 2.4GHz RF technology offers greater range up to 33 feet away from the USB receiver, and enables less interference in your WiFi environment
- Ideal for home entertainment computer and meeting room presentation tool
- 800 dpi high resolution optical mouse delivers precise cursor movement and can be used on most surfaces
- Ultra thin, portable and long range keyboard
- Control your home entertainment functions with multimedia features on the keyboard.
- Newly designed slim and stylish keyboard provides better tactile feel and accurate key response
- Hotkeys give you quick access to some of your most common tasks such as e-mail access, volume control, play/pause, My Computer, Calculator, Media Player, and launching your web browser - at the push of a button
- Rechargeable mouse batteries save you time and money; simply place the mouse in the charging station to charge the batteries
- WiFi, Bluetooth friendly
- 3 year limited warranty on parts and labor
