

GKM552R

Long Range 2.4 GHz Wireless Keyboard and Mouse Combo

Wireless Keyboard and Mouse

IOGEAR's Long Range 2.4GHz Wireless Keyboard and Mouse Combo is the perfect pair for your home or office computer needs. The low-profile, slim design of the keyboard and the ergonomic feel of the mouse give your computing experience stylish comfort. Connect this wireless keyboard and mouse to your computer from up to 33 feet away. Simply plug the wireless adapter into your computers' USB port.

Keyboard Liquid Protection

This duo fits perfectly in the home or office setting. Clumsy coffee spills over the keyboard will not hinder your productivity. The liquid will exit the keyboard through strategically placed drainage holes.

Energy Management Technology

IOGEAR'S Energy Management technology will preserve battery life when your keyboard and mouse are not in use. After about 8 minutes of inactivity, your keyboard and mouse will go in "sleep mode" - saves battery life. Under normal operating conditions, the battery life for the keyboard and mouse should last up to a year.

Wireless USB receiver is conveniently stored in a compartment beneath the mouse.

- 2.4 GHz wireless keyboard and mouse use from up to 33ft
- Spill-Resistant/SpillProof: accidental liquid spills and splashes will harmlessly drain out of your keyboard
- Precision Ergonomic 5-Button Mouse
 - DPI switch allows you to adjust mouse sensitivity to your preferences
 - Comfortably scroll web pages, click forward / backward online conveniently
 - Adjust DPI: 1000 / 1500 / 2000 DPI
- Extended Battery Life: Energy efficient technology doubles keyboard and mouse battery life
- Weight Control Energy Management (Mouse)
 - Use one or two batteries, depending if you prefer a lighter or heavier mouse
 - Two batteries double the battery life to 1 year with normal use
- Caps Lock, Number Lock, and battery status LED indicator
- Volume control and Pause hot keys

*Battery performance may depend on usage
