

GMD2025U

Portable Media Player Enclosure

Introducing the IOGEAR Portable Media Server Player Enclosure! Store, share and play your favorite movies, photos, and music directly to a TV. One touch access using the remote or on board controls immediately gets you access to all of your favorite media. All you need is an internal 2.5" SATA hard drive to turn this enclosure into a stunning high definition media player. IOGEAR's 720p HD up-scaling capability allows you to play your standard definition content at up to 720p HD resolution on your HDTV. Highly acclaimed and compact, this device allows you to carry a multitude of entertainment wherever you go!

DIGITAL PHOTOS Indulge yourself in VIBRANT and HIGH RESOLUTION photo slideshows. Just transfer your photos from your PC to the media player using the provided USB cable, connect it to your TV and bring your golden memories back to life with your family and friends!

MOVIES Watch your favorite movies and videos in stunning high definition quality using the up-scaling feature in 720p. Just hook up the component cables provided in the pouch and start enjoying the possibilities.

- Watch your favorite movies and videos in stunning 720p HD quality using the up-scaling feature
- Great for sharing your videos, photos and music with your family or friends
- Perfect for travel, vacation and gatherings
