USB Optical Mini Mouse, 800 dpi

IOGEAR's new USB Optical Mini Mouse 800 (the vanguard product in the company's new MiniMouse 800 Series) is an excellent tool for mobile professionals. This mouse allows users to select resolutions of 400, 600, and even 800 dpi. The 800 dpi resolution offers twice the accuracy of standard mice, and is ideal for graphics and web designers who demand pinpoint accuracy. It is small, lightweight, consumes virtually no room in laptop carry-bags, works on most surfaces, and needs just inches for accurate movement. The ergonomic contour design offers comfortable use for hours; moreover, its greater speed reduces excessive and potentially harmful arm movement. This unit is USB ready, Plug-n-Play, and Hot Pluggable. It is also backed by IOGEAR's 3 Year Limited Warranty.

"...smaller is better. We've tried Microsoft's Notebook Optical mouse, and it's just not as good as the IOGear USB Optical Mini Mouse 800..." -Charlie White, DigitalVideoEditing.com

- Allows user to select from 400, 600, or 800-dpi resolutions
- Light and very portable -- Suitable for mobile professionals
- Uses very little real estate on your workspace -- Needs only a few inches for accurate movement
- Operates on most surfaces -- No need for mouse pads!
- Ergonomically contoured design for comfortable use
- Plug-n-Play and Hot Pluggable
- Stylish carrying case included
- Solid 3 Year Limited Warranty

Requirements

- Windows 98, 98SE, ME, 2000, XP
- Mac OS X 10.1.5 or later
- (For Mac 9.x or earlier, it works only as a one button mouse)
- Available USB port

Package Contents

- 1 USB Optical 400/600/800-dpi Mini-Mouse
- 1 Carrying Case
- 1 User Manual
- 1 Warranty/Registration Card
