

GME226AW6

Laser Travel Mouse

IOGEAR's new Laser Travel Mouse is an excellent tool for medical offices, libraries, and schools as well as for mobile professionals, gamers, and desktop users

This new IOGEAR mouse uses VCSEL (Vertical Cavity Surface Emitting Laser) as the light source, which provides 28x more tracking power than mice using an optical sensor. VCSEL allows the mouse to work on virtually any surface and provides an extremely high resolution of 1600dpi, substantially reducing the amount of injury-producing hand and arm movement. IOGEAR's Laser Travel Mouse USB ready, Plug-n-Play, and Hot Pluggable. It is also backed by IOGEAR's 3 Year Limited Warranty.

- Advanced laser technology provides 30x more tracking power
- Use this mouse on almost any surface
- Super high resolution of 1600dpi reduces hand movement
- Uses very little real estate on your workspace -- needs only a few inches for accurate movement
- Ergonomically contoured design for comfortable use
- Retractable cable cuts down cable clutter
- Plug-n-Play and Hot Pluggable
- Carrying bag included
- 3 Year limited warranty on parts and labor

Requirements

- Windows 98SE, ME, 2000, XP, Vista
- Mac OS X 10.1.5 or later
- (For Mac 9.x or earlier, it works only as a one button mouse)
- Available USB port

Package Contents

- 1 USB Laser Mouse
- 1 Carrying Bag
- 1 Warranty / Registration Card
