Gyroscopic Presentation Mouse with Laser Pointer

Control your PowerPoint® and Keynote® presentations like never before! The IOGEAR GreenPoint Pro presentation remote with built-in gyroscopic mouse gives you the power to take charge of your PowerPoint® and Keynote® presentations as well asyour PC with the press of a button.

Compact and Lightweight Design

The IOGEAR GreenPoint Pro was designed with the mobile executive in mind. The compact and lightweight design allows for easy storage and travel while the wireless USB receiver can be cleverly stored inside the remote to ensure you are always ready to make those important presentations. The GreenPoint Pro's sleek and ergonomic body integrates perfectly into your hand while the finger-control buttons are logically arranged for a completely intuitive presenting experience. Weighing only 2.6oz with batteries installed, the ultra-portable GreenPoint Pro fits easily into your pocket or carrying case.
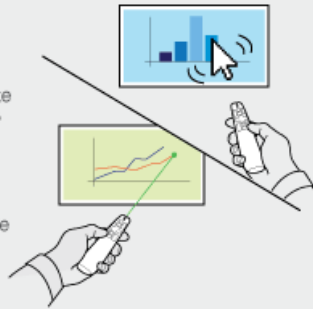

- Take control of your presentation and computer cursor at the same time
- Gyroscopic mouse function allows effortless cursor control by simply moving your hand
- Super-bright Class 3a green laser is easily visible in even the brightest rooms
- The 2.4 GHz RF wireless connection allows you to break away from the podium – up to 20m!

- Use the green laser to focus on key parts of your presentation
- Switch between cursor control and presentation control with the press of a button
- Compact and lightweight design for easy storage or travel
- Laser Output : Class IIIA (3000m
