## Tactusus - Wireless Touch Mouse

### Wireless Touch Mouse for Mac and PC

IOGEAR's new Tactusus™ Wireless Touch Mouse is not your ordinary mouse. Instead of a traditional scroll wheel, Tactusus™ features a touch pad that allows you to navigate web pages, documents, programs. The Tactusus™ pad is touch-sensitive, tracking even the slightest finger movements for fluid scrolling. The Tactusus™ Wireless Touch Mouse supports both vertical and horizontal animation scrolling, just swipe and go. The Tactusus™ Wireless Touch Mouse smoothly navigates the page to exactly where you need it to be.

### Wireless Freedom

The advanced wireless technology in the Tactusus™ Mouse features a 2.4GHz nano receiver that lets you control your mouse movements from up to 33 feet away. So get rid of those wires and experience the freedom of wireless.

### Customized Just For You

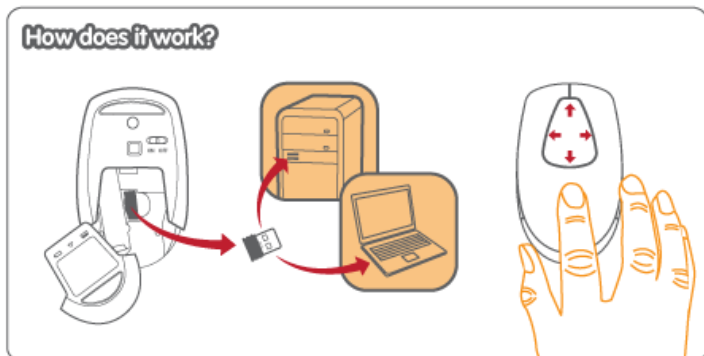

Using the Tactusus driver software, you can customize many features of the Tactusus Mouse. From scroll precision to customizing the middle button, you can tailor the Tactusus™ just the way you like.

- 2.4 GHz wireless connection – up to 33ft range
- 1000 dpi resolution
- Supports smooth horizontal and vertical animation scrolling\*
- Dedicated button for easy access to Windows® 8 Start Screen
- Programmable middle button function using Tactusus driver (free download)
