

GME680

MMOMENTUM Pro MMO Gaming Mouse

- USB 2.0 eSports professional optical gaming mouse
- 12 programmable buttons with custom programming software
- Non-slip rubber coated click wheel and thumb rest
- Up to 16,000dpi with shift-on-the-fly adjustment
- Instantly switch between 5 profiles

Designed for MMO/MOBA Gamers

Designed for gamers of the massive multiplayer online (MMO) games like World of Warcraft® and massive online battle arena (MOBA) games like League of Legends®, the Kaliber Gaming by IOGEAR MMOMENTUM™ Pro MMO Gaming Mouse offers gamers a wired eSports-ready optical gaming mouse with 12 programmable buttons for macros and keybinds, a superior ergonomic design, and adjustable weight settings.

Optimized for Speed and Precision

Built for speed and precision, make every move count with the ultra-responsive Pixart 3389 optical chipset, which provides up to 16,000 dpi for ultimate accuracy on virtually any mousepad. Program up to five (5) different dpi settings and instantly shift between each with the press of a button.

12 Programmable Buttons

Dominate the competition with 12 programmable buttons over the standard six (6) button mouse. With the ability to configure each button with a different macro or custom keybinding to be devastatingly efficient on the online battlefields.

RGB Backlighting

Program the backlight to the RGB color of your choice, or cycle between 7 preset colors in a breathing pattern.

16,000 dpi Flawless Optical Sensor

Program up to five (5) different dpi settings and instantly shift between each with the press of a button.
