

GME680

MMOMENTUM Pro MMO Gaming Mouse

- USB 2.0 eSports professional optical gaming mouse
- 12 programmable buttons with custom programming software
- Non-slip rubber coated click wheel and thumb rest
- Up to 16,000dpi with shift-on-the-fly adjustment
- Instantly switch between 5 profiles

Designed for MMO/MOBA Gamers

Designed for gamers of the massive multiplayer online (MMO) games like World of Warcraft® and massive online battle arena (MOBA) games like League of Legends®, the Kaliber Gaming by IOGEAR MMOMENTUM™ Pro MMO Gaming Mouse offers gamers a wired eSports-ready optical gaming mouse with 12 programmable buttons for macros and keybinds, a superior ergonomic design, and adjustable weight settings.

Optimized for Speed and Precision

Built for speed and precision, make every move count with an adjustable 16,000 dpi ultra-responsive optical chipset that allows fine-tuning to virtually any mousepad. Program up to five (5) different dpi settings and instantly shift between each with the press of a button.

12 Programmable Buttons

Dominate the competition with 12 programmable buttons over the standard six (6) button mouse. With the ability to configure each button with a different macro or custom keybinding to be devastatingly efficient on the online battlefields.

RGB Backlighting

Program the backlight to the RGB color of your choice, or cycle between 7 preset colors in a breathing pattern.

16,000 dpi Flawless Optical Sensor

Program up to five (5) different dpi settings and instantly shift between each with the press of a button.
