## GearPower - Portable Battery Pack for iPod and iPhone 4, 3GS, 3G, 3

Introducing the new IOGEAR GearPower - Portable Battery Pack for iPhone / iPod. This rechargeable battery pack offers up to 3.5\* hours of additional talk time. Easily charge the battery power pack from an available USB port on a computer by using the provided cable in the package. Once fully charged, simply connect through the Apple 30-pin connector on the bottom of your iPhone or iPod for additional power. The IOGEAR Power Pack also features an status indicator button to give the battery power level if low, medium or fully powered, to ensure that you stay connected and in touch with your world.

Whether you are an on the go road warrior, college student or busy in the office professional, this is a "must have" item that addresses today's power hungry iPhone & iPod product line. In addition to 4 hours of additional talk time, the 1500mAh battery pack adds up to 24 hours of audio playback and 8 hours of video playback.

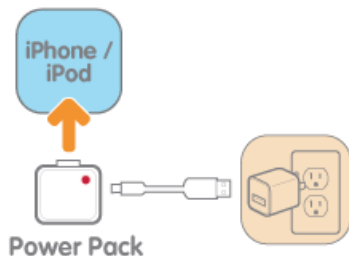

\* Your talk times may vary according to usage and phone settings.
