GearPower - Rescue Charger

Introducing the new GearPower - Rescue Charger. In the event of cell phone or mobile device failure due to low battery power, the Rescue Charger provides an instant boost of power making it the ultimate mobile power companion. The Rescue Charger harnesses the power of an AA battery and allows you to charge your devices on the fly. Simply place an AA battery in the Rescue Charger's sleek case and plug the Rescue Charger into your device for a quick power boost. Because the Rescue Charger uses a Mini-USB connection, it is compatible with most popular PDAs, cell phones, and other mobile devices on the market. Its compact design makes it easy to slip into your pocket, laptop bag, or backpack where it is readily accessible for use in situations where mobile power is necessary.

- Rescue your cell phone or mobile device from power failure
- Lightweight and compact design
- Uses one AA battery
- Provides up to 15 minutes of additional talk time
- Mini-USB output for most USB charging devices
- Built-in overcharge, short-circuit, and temperature protection

Requirements

- Available Mini-USB port

Package Contents

- 1 x GearPower - Rescue Charger (GMP3001)
- 1 x Quick Start Guide
- 1 x Warranty Card
