

GMP8K

GearPower 8000mAh Capacity Mobile Power Station

8000mAh Dual USB Portable External Battery Charger

As a new addition to IOGEAR's GearPower battery lineup, the GMP8K packs a punch with its stylish design and generous 8000mAh battery capacity. With dual USB ports, the GMP8K can charge two devices at the same time. The GMP8K is capable of fully recharging mobile devices such as the iPhone 6 more than four times* and the Samsung Galaxy S6 more than three times*. The GMP8K, while boasting a big battery capacity, is still compact enough to easily fit into purses, backpacks, or pockets.

Charge Your USB Type-C Laptop

On top of keeping your mobile devices charged and ready, the GMP8K can also charge your USB-C devices such as the new Macbook or PC laptop! Combined with our USB-C to USB-A Charge and Sync Cable** (G2LU3CAM01-WT), the GMP8K can act as an emergency backup battery for your USB-C enabled devices. The GMP8K is a perfect companion for both mobile and laptop devices.

Power When You Need It The Most

With today's busy lifestyle, we rely heavily on our mobile devices to keep us connected to the world around us. Whether it's taking business calls all day or making sure you have enough power to last your 12-hour transcontinental flight, today's 4G LTE services, mobile apps, and large screens consume a lot of power from your devices. The problem lies in trying to squeeze a full day's worth of power into such slim devices. IOGEAR's GMP8K is a convenient solution to this problem. Whenever you're low on power, just simply connect your devices to the GMP8K and you're good to go.

- 8,000mAh Lithium-Ion battery cell
- Perfect for mobile users and business travelers when conventional A/C outlets are not available
- Dual USB outputs: 2.4A+1A allows simultaneous charging of tablets and smartphones
- 2A input allows user to fully charge the PowerStation faster*
- Capable of charging almost all mobile devices including iPad®, iPhone®, iPod®, mobile gaming devices, etc.
- Includes Micro USB charging cable compatible with most smartphones and mobile devices
- Includes convenient carrying pouch
- Built-in short-circuit, over-charge, and temperature protection

*2A output wall charger required

How does it work?

- Connect your mobile device¹ to the 1A output port with your USB cable
- Connect a second device² to the 2.4A output port with your USB cable
- Once charged up, enjoy the freedom of power anywhere

Note: Fully charge Mobile Power Station before use.
Supported Devices:

¹ 1A output port supports: most cell phones, smartphones, iPhones, iPods, digital cameras and most MP3 players and other devices which require 1A power supply

² 2.4A output port supports: iPads, most tablets and other devices which require 2.4A as well as most cell phones, smartphones, iPhones, iPods, digital cameras and most MP3 players

Requirements

- USB power adapter to be used with included charging cable

Package Contents

- 1 x 8,000mAh Mobile Power Station
- 1 x USB to Micro USB Cable
- 1 x Carrying Pouch
- 1 x Quick Start Guide
- 1 x Warranty Card
