GPAW2U4

GearPower Dual USB 4.2A (20W) Wall Charger

Dual USB output, dual 2.1A charging

The new GearPower Dual USB 4.2A Wall Charger quickly charges even the most power demanding mobile devices, including the Apple iPad®! In fact, iPad Mini® users will see an upgrade to their charging speed over the originally included charger and even charge a second device at the same time!

Big power, small package

Compact and folding plug design is pocket sized and easily carried to work, school or when travelling, but still delivers a full 4.2A (2.1A x 2) output without overheating.

Optimized for iOS Devices

The GPAW2U4's USB charging outputs are configured to provide fast-charging with all current Apple products (charging cables sold separately), including all generations of iPad. While the GPAW2U4 will charge most USB devices, there are some products with proprietary charging configurations (such as certain models from BlackBerry, Samsung, etc.) which are not compatible with aftermarket chargers.
- Dual 2.1A (10W) USB outputs allow simultaneous charging of tablets and/or smartphones
- Compact, folding plug design allows easy storage for travel

- Optimized for charging iPod® / iPhone® / iPad®- charges two iPads simultaneously
- Charges most USB compatible mobile devices, including MP3 players, etc.

IOGEAR®

How does it work?

Keep all of your mobile devices charged and ready to go while at home or at the office with the new GearPower Dual USB Wall Charger.

Plug-in the GearPower Dual USB Wall Charger into any standard home/office outlet, connect your USB charging cable, and rapidly charge two mobile devices, even two iPads at the same time!

Requirements

- Standard wall power socket
- USB device
- USB charging cable for your USB device (not included)

Package Contents

- 1 x GPAW2U4 Dual 2.1A USB Wall Charger
- 1 x Warranty Card
