

GPEN300

Mobile Scribe Digital Pen with Flash Memory

The IOGEAR Digital Pen & USB 1GB Flash drive provides all the benefits of a digital pen with the additional advantage of full Flash memory capabilities. Completely portable, users can write, sketch and draw freely anywhere using regular paper while the device simultaneously captures and stores all your work in the real-time Flash memory. Stored data can be later uploaded to a PC via a standard USB port. Once uploaded, handwritten information can be transformed to text using MyScriptNotes v. 3.0, which you can then edit and share. Small, compact and completely wireless, the pen can be used at home, at school, and at work. It's the perfect alternative to carrying a heavy laptop.

- Capture natural handwriting from any paper, and store it in the receiver for future use
- No special notepad, digital pad, or ink is required
- 1GB on-board flash drive stores hundreds of pages of information
- Ergonomic design with new rubber grip to enhance pen usability
- Includes MyScript® 3.0 full version handwriting recognition software (OCR software) turns your handwriting into digital text
- Full editing capabilities allow you to easily modify your notes
- Export notes via JPEG format and share notes with other users via E-mail or Instant Messaging
- Uses standard batteries and standard mini ink refills
- Write on any paper up to Letter or A4 size
- 17 language recognition support: Chinese (Traditional & Simplified), Danish, Dutch, English, Finnish, French, German, Greek, Italian, Japanese, Korean, Norwegian, Portuguese, Russian, Spanish, and Swedish
- Great for Legal and Medical professionals
- Students don't need to carry their laptops to class, write on paper and upload your notes when you are back in the comfort of your room

How does it work?

Capture handwritten notes into digital format.
Write, store, edit, convert & send via email, works on any paper.

■ Take and store notes

■ Upload to your computer

■ Convert and Manage your notes
