Charge & Sync Pro - 3.3 ft (1m) USB to Lightning Cable

Charge & Sync Pro - USB to Lightning Cable

Designed as a replacement for factory Apple® Lightning cables or as an additional cable to keep in the office, car, backpack or briefcase, IOGEAR's Charge & Sync Pro USB to Lightning cables exceed OEM cable standards for performance without being stiff or difficult to coil. High-grade woven cotton/nylon materials increases durability, and make for a non-bulky, tangle-free cable. Oversized conductor diameter of 4.2mm provides better power transfer.

Charging

Use IOGEAR's Charge & Sync premium cable to connect your Apple Lightning devices, such as iPhone®, iPod® and iPad® to your computer's USB port or IOGEAR's 6-Port Super-Speed USB 3.0 Hub for efficient syncing and charging. The Charge & Sync Pro can also be connected with a USB to AC power adapter, such as the GearPower QuadSmart USB 4.2A Wall Charger for convenient charging from a wall outlet.

Sync

Synchronize and update your pictures, music, and videos in iTunes by connecting your iPhone 6, iPad Air 2 or other Lightning device using IOGEAR's Charge & Sync Pro - USB to Lightning Cable.

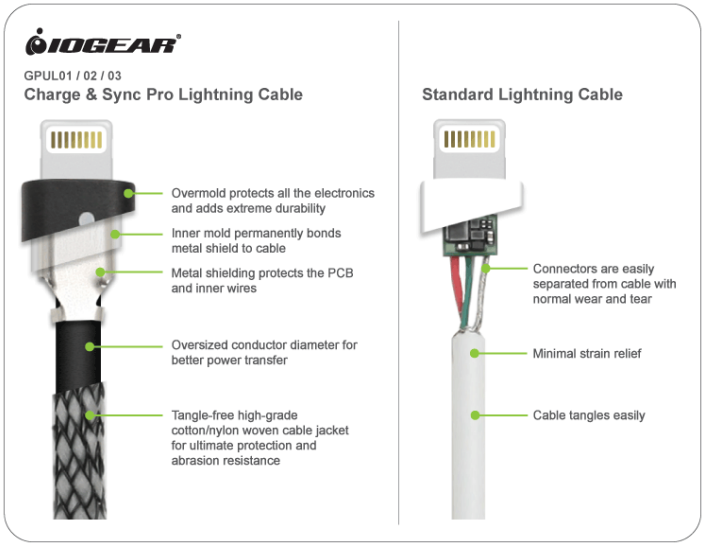

IOGEAR Charge & Sync Pro USB to Lightning cables are compatible with all Apple Lightning devices, USB chargers, computer USB ports, and aftermarket USB chargers with built-in compatibility for iPod® / iPhone® / iPad®.

- Compatible with all Apple® Lightning devices
- Woven nylon/cotton jacket increases durability
- Oversized conductor diameter provides better power transfer
- 3.3ft (1m) length
- Easy grip, tangle free, and stain resistant
