

GTD720

# Thunderbolt™ 2 Docking Station (TAA Compliant)

Knock down any connectivity obstacle in your way so you can build the ultimate workstation setup

## Thunderbolt™ 2 Docking Station

IOGEAR's Thunderbolt 2 Docking Station brings the connectivity of a desktop to your Macbook, Ultrabook, or other Thunderbolt 2 enabled devices. With its thoughtful design and ultra-sleek stainless steel body casing, the GTD720 allows you to connect up to 13 devices including dual displays\* so that you don't have to be restricted by the standard ports on your portable device.

Thunderbolt™ 2 technology allows data transfer at an astounding 20Gbps, so that you can optimize your perfect workspace at blazing fast speeds.

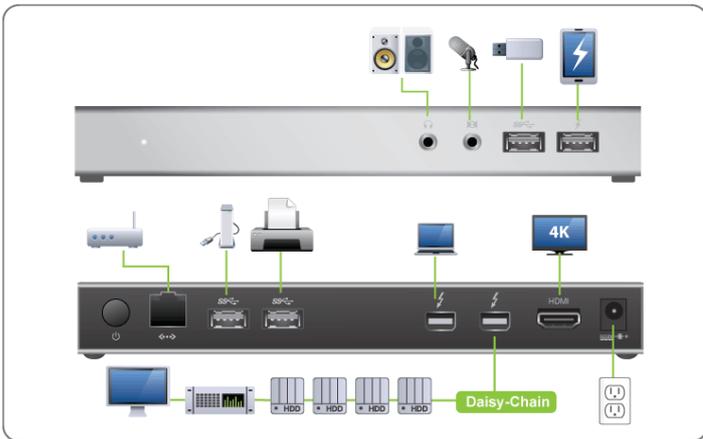

## The Ultimate Workstation Setup

This versatile docking station connects to your device via a single Thunderbolt cable making connecting and disconnecting hassle-free. The GTD720 features three USB 3.0 ports, a gigabit Ethernet port for access to a wired network connection, an HDMI port, and two Thunderbolt™ 2 ports capable of daisy-chaining up to six devices. A dedicated front-facing USB fast-charging port can charge your handheld devices even when your computer is turned off or completely disconnected -so you'll never have to turn on your computer just to charge your phone, tablet, or other device again. The front-facing optical line-in/line-out ports provide 5.1 digital audio editing and playback capabilities. All ports have been strategically placed on the dock's body to minimize visual clutter and maximize convenience, making multitasking almost effortless.

- Operates at a rate of up to 20Gbps with Thunderbolt™ 2
- Ultra-high speed bandwidth expansion for 4 times faster data transfer than USB 3.0, 40 times faster than USB 2.0 and 25 times faster than FireWire 800
- Supports up to 4K (3840x2160) resolution on both HDMI and Thunderbolt 2 ports\*
- Supports dual displays for HDMI and Thunderbolt display monitors
- Ability to connect up to 8 devices directly to the dock and daisy chain up to 5 additional Thunderbolt devices (including Thunderbolt Monitor)
- Dedicated USB charging port for tablets or smartphones
- Optical audio line-in/line-out port provides 5.1 digital audio editing and playback capabilities\*\*
- Free Thunderbolt Gateway™ file transfer software for quick and easy data transfer
- Compatible with Thunderbolt 3\*\*\*
- Backwards compatible with Thunderbolt 1
- TAA Compliant

\* Maximum resolution is dependent on the capability of the video display and its computer source  
 \*\* For use with amplified headsets or speakers  
 \*\*\* An Apple Thunderbolt 3 (USB-C) to Thunderbolt 2 (MDP) Adapter is required

### Requirements

- Thunderbolt enabled computers
- The following Mac models are Thunderbolt 2 capable:
  - MacBook Pro (Retina, Late 2013 and later)
  - Mac Pro (Late 2013)
  - iMac (Retina 5K, 27-inch, Late 2014)
  - Mac mini (Late 2014)

### Package Contents

- 1 x GTD720 Thunderbolt 2 Docking Station
- 1 x 1m (3ft) Thunderbolt Cable
- 1 x AC Power Adapter
- 1 x Quick Start Guide
- 1 x Warranty Card

## Specifications

Function	GTD720	Dimensions	GTD720
<b>Cable Connections</b>		<b>Unit Dimensions</b>	
Input	Thunderbolt 2	Height	1.1" (2.8cm)
Output	Thunderbolt 2	Depth	3.15" (8cm)
<b>Cable Length</b>	3.3ft (1m)	Length	7.87" (20cm)
<b>Cable Type</b>	Thunderbolt™ 2 Male to Male Cable	<b>Unit Package Dimensions</b>	
<b>Connectors</b>		Height	5.39" (13.7cm)
