

GUC211V

Portable Laptop Console Crash Cart Adapter (TAA Compliant)

- Works with Windows and Linux
- Diagnose and troubleshoot computers quickly from your laptop
- Perfect for: Data centers, IT departments, refurbishing centers or kiosk services
- Plug-N-Play - No software needed
- Programmable hotkeys and macros
- Best value for reducing labor and hardware costs

[Try-and-Buy Program](#)

USB Console to Laptop Crash Cart Adapter

IOGEAR's Portable Laptop Console Crash Cart Adapter provides instant computer access through your laptop. Simply connect the crash cart adapter to your target computer, kiosk, or server from your laptop, run the executable file, and you are good to go! Save time by programming hotkeys and macros for common tasks and avoid the hassle of lugging around unneeded equipment. This one-to-one solution is the perfect accessory for any IT professional.

- Provides direct Laptop-to-Computer desktop access
- Programmable macros and hotkeys
- Plug-N-Play - No additional software needed
- Bi-directional file transfer between connected laptop and computer
