USB-C Dual DisplayPort Monitor Portable Dock (TAA Compliance)

USB-C to DisplayPort Dock

Get the most out of your new USB-C or Thunderbolt 3 laptop with an easy-to-dock dual monitor workstation. Connect up to two DisplayPort monitors* to increase productivity and efficiency. Designed to be compact and portable, the USB-C portable dock also provides an USB type-A port for use with any additional peripherals such as keyboards, mice, hard drives or printers. This portable USB-C dock is the perfect companion for productivity and ease-of-use for your life on-the-go.

Mirror or Extend Your Monitors

Adding two monitors to your laptop will improve your productivity and allow you to get more done. Mirror or extend your Windows USB-C laptop to two monitors or extend your MacBook or USB-C Apple laptop to one additional monitor. Browse the web on one screen, edit a document on a second. When using a Windows USB-C laptop, write an email or connect to a webinar on a third monitor.

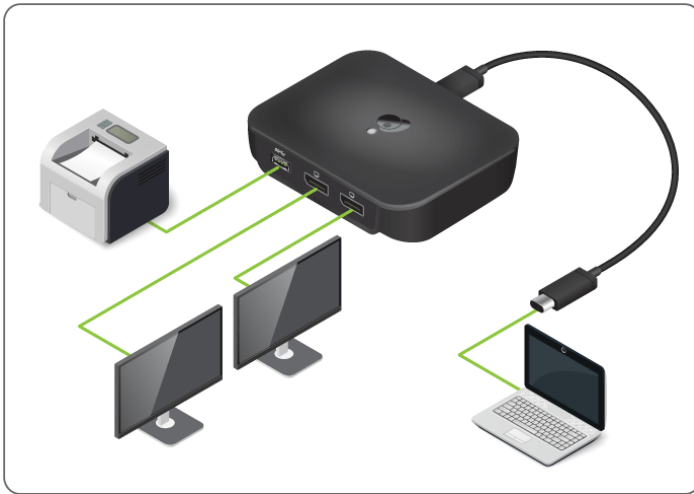

Stunning 4K or Dual HD Monitor Setup

Unravel the remarkable visual experience of 4K Ultra HD (UHD), at 4 times the resolution of standard HD. The dual video monitor functionality provides astonishing video quality that will please your eyes and provide a higher level of enjoyment from watching videos, playing video games, working and creating from your home office. Further more, you can get full 1080p HD quality video when using a dual monitor setup.

*Only one additional video output can be utilized for extended desktop under Mac OS

- Transform your USB-C laptop into a dual monitor workstation
- Supports Thunderbolt 3
- Supports single 4K or dual HD monitor output
- Compatible with DisplayPort™ v1.2 / 1.1a
