## HUB-C™ - USB-C to 4-port USB-A Hub

### USB-C™ to 4-port USB-A Hub

IOGEAR's HUB-C™ - USB-C to 4-port USB-A Hub plugs into your laptop's USB 3.1 Type-C™ port and connects up to four USB 3.0 devices. Plug the adapter into the USB Type-C port of your laptop to convert it into four USB-A ports. Now you're ready to connect devices like a hard drive, flash drive, camera, or an USB cable for syncing and charging your smartphone or tablet. Transfer pictures, videos and music from existing USB accessories to your new Type-C laptop at blazing fast speeds. The super compact and lightweight hub easily fits into any laptop case, briefcase or backpack making it convenient to take with you on-the-go.

### The New Universal Standard

USB Type-C™ is the latest universal standard in connectivity. Compared to earlier generations of USB connectors, USB-C has a slim profile connector to support ultra-thin laptops and tablets. Although USB-C has a low-profile design, it packs a big punch when it comes to speed and power and high speed data transmission. And best of all, it's reversible to allow hassle-free connecting. The new standard fixes the age-old problem of connecting your USB in the wrong way, eliminating the frustration of fumbling with the USB plug when connecting it to a computer.

- Connect up to four USB 3.0 devices to your USB-C™ computer
- SuperSpeed USB 3.0 data transfer rate of up to 5Gbps
- Backwards compatible with USB 2.0 and USB 1.1
- Space-saving, compact design that easily fits in briefcases, backpacks, and pockets
- Hot swappable: Connect and disconnect devices without powering off your computer
- Plug-n-play

### How does it work?

USB-C™ enabled computer

### Requirements

- USB 3.1 Type-C port
- Windows® 7,  
Windows® 8,  
Windows® 8.1,  
Windows® 10
- Mac OS X 10.6+

### Package Contents

- 1 x GUH3C14
- 1 x Quick Start Guide
- 1 x Warranty Card
