

GUS432

2x4 USB 3.0 Peripheral Sharing Switch

- Share four USB peripheral devices between two computers
- Easily switch devices from one computer to another with the press of a button
- USB 3.0 compliant, supporting data transfer rates of up to 5Gbps
- LED indicates which computer is active
- Over-current protection
- Supports hot-plugging which allows easily add or remove computers connected to the installation without having to power down the switch
- Optional Micro USB cable can be connected to support additional power (up to 2.5W via USB 2.0 Port, up to 4.5W via USB 3.0 Port)

USB 3.0 Peripheral Sharing Switch

IOGEAR's 2x4 USB 3.0 Peripheral Sharing Switch provides a convenient means to share four USB devices between two different computers. A simple press of the button changes the connection of four USB devices such as keyboard, mouse, printer, portable hard drives, etc. from one computer to another.

The GUS432 saves costs by allowing a single set of peripherals to be shared by two computers. Perfect for small office / home office users, the IOGEAR USB 3.0 Peripheral Sharing Switch creates a space saving, convenient and productive work environment.

USB 3.0 Compliant

USB 3.0 compliant with a data transfer rate of up to 5Gbps, the 2x4 USB 3.0 Peripheral Sharing Switch works well with high-bandwidth devices such as hard drives, high-resolution webcams, etc. Connect a keyboard and mouse to the GUS432 and use it as a simple USB dock or limited KM switch, to serve as a simple means of controlling two computers with a single control center.

- Share four USB peripheral devices between two computers
- Easily switch devices from one computer to another with the press of a button
- USB 3.0 compliant, supporting data transfer rates of up to 5Gbps
- LED indicates which computer is active
- Over-current protection
- Supports hot-plugging which allows easily add or remove computers connected to the installation without having to power down the switch
- Optional Micro USB cable can be connected to support additional power (up to 2.5W via USB 2.0 Port, up to 4.5W via USB 3.0 Port)

How does it work?

Requirements

- Windows Vista®, Windows® 7, Windows® 8, Windows® 8.1, Windows® 10
- Mac OS X 10.3+
- Chrome OS™
- Linux-based systems
- Available USB 3.0 port

Package Contents

- 1 x 2x4 USB 3.0 Peripheral Sharing Switch
- 2 x USB 3.0 Cables
- 1 x Selector Button
- 1 x Quick Start Guide
- 1 x Warranty Card
