

GUS4C2

Access Pro USB-C 2-Port Keyboard Mouse & Peripheral Switch with Power Delivery (TAA Compliant)

- Quickly switch & share 2 devices on 2 USB-C computers
- Transfer files¹ between connected Mac & PC with Beyond OSTM software
- Charge devices with up to 85W PD 3.0² on USB-C Port¹
- Switch method via push button, mouse swipe¹ or hotkey combination³
- File transfer function supports both Windows and Mac OS X

2-Port Keyboard, Mouse & Peripheral Switch

The IOGEAR TAA Compliant Access Pro 2-Port Keyboard, Mouse & Peripheral Switch lets you share a keyboard and mouse as well as other USB peripherals and instantly switch between two USB-C-equipped laptops or desktops with the push of a button. The included BeyondOS™ software permits you to quickly transfer files between connected computers, without accessing a network; even transfer files between a Mac and PC with the included Beyond OS™ software.

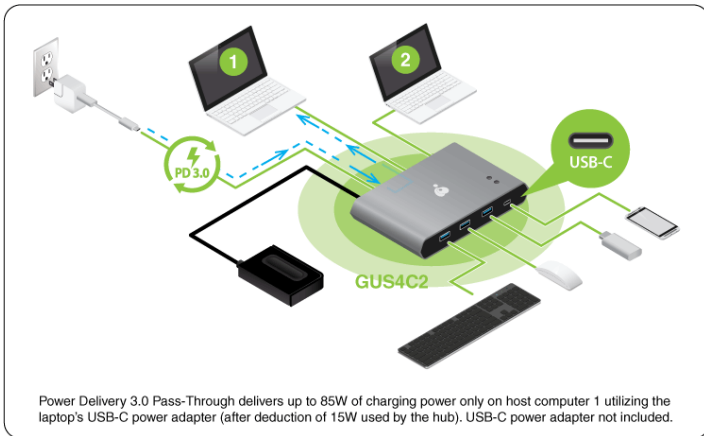

File Sharing Made Easy

Easily move files between connected Windows and Mac operation systems in seconds. With the included Beyond OS software, you will save time while working on two different computers by simply dragging and dropping files between each. Access files on one computer from the other without connecting to an existing network or saving files to USB drives to transfer them from one computer to the other.
