

GUWAVKIT4

Wireless 1080p Computer to HD Display Kit, 1 HD Output, 1 VGA Output

Connect Your Computer to Your TV Wirelessly

IOGEAR is proud to announce the Wireless 1080p Computer to HD Display Kit. This brand new solution delivers High Definition video up to 1080p from your PC computer to your home entertainment center wirelessly up to 30 feet. With the utilization of the very latest Ultra-Wide Band (UWB) Wireless USB technology, wireless multimedia streaming is now more stable and more resistant to interferences than ever before.

Enjoy your computer content on a big screen without cables stretching across the room.

- **Enjoy your content wirelessly** - Get home videos, photos, presentations, online videos and social networking all on your big screen TV up to 30ft away
- **HD / VGA Output** - Use HD or VGA / DVI* with 3.5mm audio jack (stereo) for a flexible A/V set-up
- **Wireless HD Video** - Get 1080p video streaming up to 30ft**
- **Still image resolution** - Up to 1920 x 1080
- **Eliminate Cable Clutter** - Wirelessly connect your PC computer to an HD TV***, monitor or projector without the long and unattractive cable run
- **Certified Wireless USB** - Works with your computer's USB port. No HD port needed on computer
- **Expandable** - Receiver is able to associate with up to 8 USB Transmitter's
- **Ideal for** - Home, traveling, office, conference rooms, presentations and more!

* DVI adapter sold separately (IOGEAR part number "GHDMDVIF")

**This product is an in room line-of-sight solution

***This item is not compatible with traditional CRT TVs

How does it work?

- After installation of software & drivers, plug in the Wireless USB Transmitter to the USB port on your PC computer
- Browse the Internet, view pictures, stream video and music from your computer to your TV wirelessly
- Connect the Wireless Receiver to your TV via the HD or VGA & audio cable. Make sure the receiver is in line-of-sight of the transmitter
