

GVS184

4-Port HD Audio/Video Splitter, with 1 HDMI Input - 4 HDMI Outputs

IOGEAR's 4-Port HD Audio/Video Splitter is used to take high definition video from a single HDMI® media source and direct it to 4 separate HD TVs or displays. By using today's connectivity standard, HDMI (High Definition Multimedia Interface) and being High-bandwidth Digital Content Protection (HDCP) compliant, the GVS184 is able to support the highest quality HD video and multi-channel audio, play all the top DVD or Blu-Ray movies, and carry the best signal from source to all 4 HD TVs or displays. Providing a data rate of up to 2.25Gbps, the high bandwidth allows for the transmission of large amounts of information at a very high rate of speed.

Compatible with TV resolution: 480i/480p/720p/1080i/1080p

Compatible with computer resolution: VGA/SVGA/XGA/SXGA/UXGA

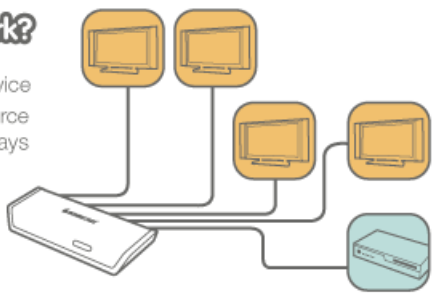

- Stream a single HD media source to 4 displays
- Auto-downscale video resolution to fit all displays*
- Zero signal loss from source to display
- Full HD 1080p support
- HDMI Certified and HDCP Compliant
- Front panel reset button
- Power LED and Active Port LED
- Plug-N-Play

*Note: For HD media sources that support auto video resolution scaling.

How does it work?

- Connect a HDMI device
- Distribute media source to 4 HD TVs or displays

Requirements

- Display
- 1 HDMI input
- Media Source
- 1 HDMI output

Package Contents

- 1 x 4-Port HD Audio/Video Splitter
- 1 x Power Adapter
- 1 x Quick Start Guide
- 1 x Warranty Card
