Present Your HD Content at the Push of a Button

IOGEAR's Share Pro™ Expandable Wireless Presentation System offers flexible, simple push-button wireless connectivity for multiple presenters, one at a time. Eliminate unsightly, cumbersome HDMI cable runs and bulky adapters to connect in meeting rooms and classrooms.

Share & Expand Your Presentation Capacity

Share full HD content from an HDMI or USB-C*-enabled laptop or tablet to a larger in-room TV or display up to 120 feet away. Expand the system from two to 10 in-room presenters by adding a mix of either HDMI connector or USB-C* push-button transmitters for fast, effortless presentation viewing.

- Wirelessly share full HD content from 2 HDMI-enabled sources to a TV/projector
- Push-button connectivity displays a single presenter at a time
- Eliminate unsightly HDMI cables and bulky adapters
- Flexible system is ideal for meeting rooms, classrooms & more
- Reaches up to 120 feet for in-room wireless connectivity
- Expand system from 2 to 10 sources by adding Share Pro transmitters¹
- Add a mix of either HDMI connector or USB-C2 push-button transmitters
- Utilizes 802.11 ac speeds to 5 Gbps on the 5 GHz wireless band for reduced interference
- Dedicated direct connection does not require a local wireless network
- Simple, straightforward setup requires no software or wireless configuration
- Stream 1080p @60Hz High Definition audio & video
- HDMI 1.3 & HDCP 1.2 compliant
- Windows(R) & Mac(R) compatible

1GWHD101TX - Share Pro HDMI transmitter sold separately
