

GWHD101TX-H

Share Pro (TM) Expandable Wireless Presentation HDMI Transmitter

Present Your HD Content at the Push of a Button

IOGEAR's Share Pro™ Expandable Wireless Presentation System offers flexible, simple push-button wireless connectivity for multiple presenters, one at a time. Eliminate unsightly, cumbersome HDMI cable runs and bulky adapters to connect in meeting rooms and classrooms.

Share & Expand Your Presentation Capacity

Share full HD content from an HDMI (GWHD101TX-H) or USB-C* (GWHD101TX-C) -enabled laptop or tablet to a larger in-room TV or display up to 120 feet away. Expand the system from two to 10 in-room presenters by adding a mix of either HDMI or USB-C* push-button transmitters for fast, effortless presentation viewing.

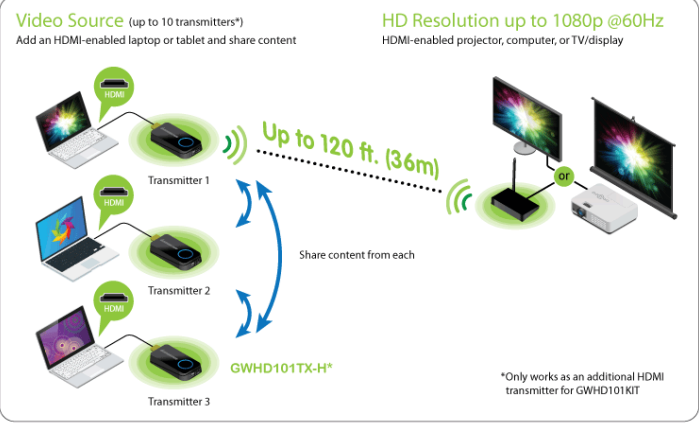

Simple, Straightforward Setup

Installation is fast and straightforward – simply connect the additional transmitter to your laptop, tablet or other AV source, press the switch on the transmitter and in no time, you're ready to present! No software or network configuration is needed, making Share Pro quickly moved between conference or meeting rooms as your presentation needs dictate.

*USB-C push-button transmitter coming soon
