

GWLR4K60RX

Ultra Long-Range Wireless 4K @ 60Hz Video Receiver

- Wireless receiver for the GWLR4K60KIT
- Quickly add or change a TV/display location as needed
- Send 4K UHD video & sound up to 600 ft.
- Receive audio/video from an HDMI-enabled source to up to 3 TVs with additional receivers
- Supports 4K UHD resolutions of up to 3840 x 2160 @ 60Hz

4K UltraHD Wireless Receiver to 600 Ft.*

The Ultra Long-Range Wireless 4K @ 60Hz Video Receiver allows you to add a second or third TV or display to your existing Ultra Long-Range Wireless 4K Video Transmitter and Receiver Kit (GWLR4K60KIT). IOGEAR's Wireless 4K Receiver, , allows you to stream high-quality content to an Ultra HDTV or projector and supports 4K Ultra HD resolutions to 3840 x 2160 @ 60Hz with audio up to 600 feet* from the Wireless 4K Video Transmitter and connected HDMI source. Moreover, since the Receiver does not require a line-of-sight placement, setting up a second or third TV or projector in not so common areas is quick and easy.

Flexible TV or Display Placement

By eliminating the bulk of HDMI wiring over long distances, the Wireless 4K Video Transmitter and Receiver affords greater flexibility in TV/display placement. Connect up to a total of three (3) Ultra Long-Range Wireless 4K @ 60Hz Video Receivers on one (1) GWLR4K60KIT up to 600 feet away*. Quickly place TVs in temporary environments such as in the kitchen, on a patio or in commercial settings to add a second or third display with additional wireless receivers.
