

GWRC8100

IR Remote Control for Wireless HD Kit

The GWRC8100 is the IR Remote Control for the Wireless HD Kit. The IR remote will allow you to switch between the AV devices that are connected to the Wireless HD Kit*. Switch between the connected AV devices through the built-in IR on the Wireless HD Receiver or directly at the Wireless HD Transmitter.

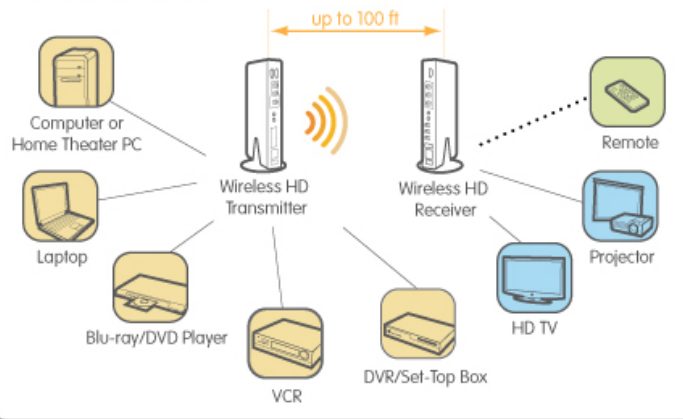

*[Wireless HD Kit](#) - Wirelessly stream your HD content to your HDTV

- IR Remote Control for Wireless HD Kit
- Switch between devices from the Wireless HD Receiver's built-in IR
- Switch between devices from the Wireless HD Transmitter's built-in IR
- Turn the Wireless HD Kit ON and OFF

How does it work?

- **Wireless HD Transmitter**
 Connect up to 4 devices such as a Blu-ray / DVD player, DVR / Set-top box, VCR, computer or media server / home theater PC
- **Wireless HD Receiver**
 Connect to your HD TV / projector or other non-HD display
- **Wireless Remote Control**
 Control and switch between devices through the receiver's built-in IR
