

Wireless HDMI® Solutions

GWHDS52MB

Long Range Wireless 5x2 HDMI Matrix PRO

- Wireless uncompressed Full HD video up to 200ft* through standard home walls
- Built in 5x2 Matrix allows you to switch and independently select any of 5 sources between 2 HDTVs
 - Location 1: HDTV connects to transmitter's loop-through (local) port
 - Location 2: HDTV receives content from wireless receiver
- Multicast up to 5 HDTVs – Send content up to 5 locations at the same time (with 3 additional HD wireless receivers, GWHDRX01, sold separately)
- Connect and wirelessly transmit content from a Blu-ray / DVD player, DVR / Cable box, Game console, Computer / laptop, and media server
- Supports uncompressed Full HD 1080p, 3D and 5.1 channel digital audio
- Video Resolutions: 480p, 720p, 1080i and 1080p (24 / 30 / 60fps)

Multicast 4 Receivers

Multicasting means the transmitter broadcasts the same video source to all 4 wireless receivers (including 3 additional wireless receivers, purchased separately), while the transmitter itself is able to view a separate or same source; making it a 5 HDTV solution.

GWHDLRKIT
