

## Get Big, Smart Power in a Compact Design

### **GEARPOWER**<sup>™</sup> Smart USB-C<sup>™</sup> 60W GaN Charger

#### Big Power in a Compact Design

IOGEAR's GearPower<sup>™</sup> Smart USB-C 60W GaN Charger accommodates the power demands of USB-C devices such as a laptop or tablet with a charging capacity of up to 60W on its single port. With its compact design, the smart charger will easily find a home on the kitchen counter, nightstand, in the office or on the road with you.

**GaN = 3x\* Faster**  
Technology than traditional chargers

#### Charge Faster with GaN Technology

Charge up to three times faster than traditional lithium-ion chargers with the pocket-sized GaN-powered GearPower<sup>™</sup> Smart USB-C 60W GaN Charger. The days of carrying around multiple power bricks and waiting hours for your smartphone or laptop to charge is a thing of the past. GaN technology offer three times higher power density, 40 percent greater energy savings, and 20 percent lower system costs.

#### Intelligently Powered

The GaN charger intelligently and automatically senses power needs up to 60W to accommodate the power demands of most USB-C devices on its single port through a USB Type C to USB Type C cable.\*

\*USB-C to USB-C cable not included

#### Features & Benefits

- Charge USB-C devices up to 3Xs faster\* with up to 60W of power
- Intelligently detects power needs; auto-adjusts charging output
- Compact charger powers most laptops, tablets & smartphones
- Ideal for travel or as a replacement for OEM chargers
- GaN Technology offers 40% energy savings & 20% lower system costs
- Capable of Power Delivery 2.0 (PD 2.0) & Qualcomm Quick Charge 4.0 (QC 4.0)

#### Specifications:

Connector	
USB-C	Power Delivery (Up to 60W)
Power	
Output Rating	5V3A,9V3A,15V3A,20V3A

\*GaN Technology charges up to 3Xs faster than traditional chargers
